Read and find out what happened to Danny and Tommy on 1st April.

It was 1st April. Tommy's friend Jack called Danny in the afternoon. He told Danny that they were having a basketball game at school, and asked Danny and Tommy to come at once. Danny was very excited.

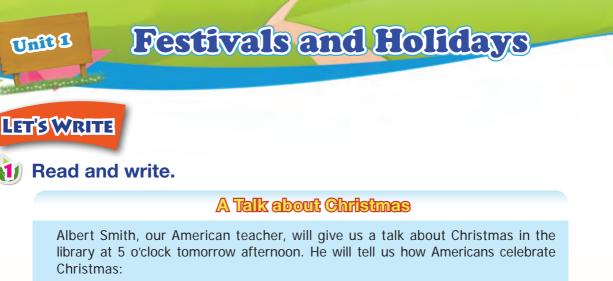

Tommy did not believe Jack. He told Danny it was April Fools' Day, and Jack might be fooling them. But Danny didn't think so, and asked Tommy to go with him.

They ran to the school, but found no one playing there. "You see, we are April fools today," Tommy said.

"What a strange festival you have!" Danny said.

Dear Sue,

Thank you for a happy Christmas.

I'm glad to be home again. Our Spring Festival is coming in February. Like your Christmas, it's very important to us. People will spend the holiday with their families. Before the festival, we clean our houses. We decorate our houses with flowers. On the eve of the festival, we have a family dinner. We don't get presents from Santa Claus. Instead, we get lucky money from our parents and relatives. We set off fireworks. The festival is also a great time to visit or call our relatives and friends. Read and find out how people in Tommy's home town protected their forest.

Tommy's home town was a small village. It was at the foot of a huge mountain. There was snow cap on top of the mountain, and there was a big forest around the village. A clear stream ran through the village, and life there was quiet and peaceful.

One day, some foreign businessmen came to the village.

Unit 5

y Read and find out what happened to Danny's home town.

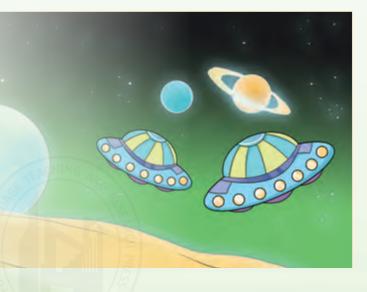

After hearing Tommy's story, Danny told Tommy the story of his home town.

Danny's home town was on another planet. It was a beautiful planet like Earth. There were many forests and rivers on it.

But people cut down trees to build their houses, and turned the forests into farmland.

Later, it became very hot. The rivers dried up, and the farmland turned into desert. People could not live there any longer. So they had to move to a new planet.

Now they have learnt their lesson. They never cut down trees on the new planet.

Read and answer.

Look at this picture. This is my home town, Sanya. It is a beautiful seaside city in Hainan.

Here, people like to swim in the blue sea or lie on the beach. You can also see flowers of different colours everywhere. If you take a ship out to sea, you can watch seabirds flying and fish swimming.

We have very nice weather in Sanya. It is never cold in winter and not very hot in summer. And the rain always cleans the city.

Welcome to Sanya! I'm sure you'll like it. You can come here by ship, plane or train.

So, just come!

Where is Sanya and what kind of city is it?

What do people like to do in Sanya?

What can you see if you take a ship out to sea?
